Church-Planting Missionaries to India

Dear Pastors and Praying Friends,

November 2019

October was exciting and busy for our family. God blessed us with the opportunity to be in **four** mission conferences, **six** states, and **ten** difference churches! Also, **seven** new churches decided to partner with us. Praise God!

As we spend many hours in the car driving from church to church, the topic of India comes up quite frequently. An estimated **22,000 people die** daily in India. We dream of the day when we step off the plane in India to begin our mission work. This way, we can tell Indians who have never heard about the glorious Gospel of Jesus Christ before it's too late.

We are asking God for something significant over the next few months. Our petition is humanly impossible, but we know that **our God has no impossibilities**. We are praying that He will add **20%** of our support between now and February so that we can break the **50%** threshold of needed support. We ask that you pray for this.

Please **pray for our new friend Kevin**. He lives in California, and while in bible college, God burdened his and his friends hearts for the people of India. He has surrendered his life to go there as a missionary but wasn't about the process. We were able to spend the evening with him, answering questions and chatting about the need for India. Pray for Kevin as he starts his journey and the obstacles that might come his way.

As we travel from church to church, we love the opportunity to meet different Indians who are serving the Lord. Especially if they come from the same city, we interned in for six months. Recently, we met Ms. Joya, who grew up in the same city in India that we interned and was Hindu. She did not hear the Gospel message until coming to America and became a convert of Jesus Christ. As we spoke with her about our time in India, she was excited to know there is a church in her home town preaching the Gospel. She said "I remember when they were building the big new temple! I was so excited for a beautiful temple being built! **But now that I am a Christian**, I am so excited to hear of a church right next to this temple!"

For Christ,
Jeffery and Mackenzie Brown
